

Canine Surgery Electives

Patient/Client: _____ Chart #: _____

Below are lists of elective services that are recommended for the best care of your.

Please initial if you would or would not like these additional services done with your pet's surgery today.

Therapeutic Laser Treatment:

Therapeutic laser treatment is a non-invasive, drug free solution for animal pain and healing. It uses light to stimulate cells and increase blood circulation. At the correct laser wavelength, pain signals are reduced, and nerve sensitivity decreases by releasing endorphins or natural painkillers. The cost of this procedure is \$ 32.00

Accept _____ Decline _____

Home Again Microchip:

This is a form of permanent identification using a tiny microchip. It contains a unique identification number that aids in recovery of a lost/found pet. The microchip is inserted prior to surgery using a hypodermic needle.

Pinewoods Animal Hospital pays for your registration and first year of service. The cost for the microchip is \$58.00. Accept _____ Decline _____ Already has one! _____

Elizabethan Collar: aka "The cone of shame!"

A protective collar that slips over the head or wraps around the neck area to prevent licking and chewing of incisions. There are several different types of collars, but they are not one size fits all. Pine Woods Animal Hospital will decide which collar is right for your pet. **If your pet starts licking in the hospital, a collar will be placed automatically.** The collars range in price from \$15.00 - \$25.00

Accept _____ I have one _____ I decline an e-collar against medical advice _____

We recommend that your pet is on flea prevention prior to staying at our hospital for surgery. However, if your pet has fleas, we will require a flea treatment to be applied or administered. There is a charge for this medication.

The surgical staff will help you decide what product is best for your pet and lifestyle. You can also purchase additional flea prevention to take home. We carry Bravecto (3 month oral flea/tick prevention), Credelio (1 month oral flea/tick prevention) Seresto (8 month flea/tick collar) and Effitix (1 month topical flea/tick prevention) Prices are determined by weight.

Please send me with flea prevention - Yes No Type/Amount: _____
